

Join the [Primary Forest Alliance](#), Earth InSight, Stand.earth, Wild Heritage and One Earth for an evening of panel discussions on threats to primary forests across the planet and a global call to halt industrial activity in primary forests. We will talk about Indigenous movements on the frontlines, the latest forest data, and the bold action needed now including redirection of subsidies, climate finance, conditioned debt forgiveness, and expansion of Indigenous and local community rights and territories. The reception will have food and drinks. You can RSVP [here](#). No RSVP is required to join the event, but it is **greatly** appreciated. And please [endorse](#) the moratorium call if you haven't already!

Location:

InterContinental Montreal
Nordheim Room
360 Rue Saint-Antoine O, Montréal, QC H2Y 3X4, Canada

Date & Time:

Saturday, December 10th at 6:00pm - 7:30pm

Many thanks and we are looking forward to seeing you there!
